

5 IMPORTANT DON'TS FOR DOG PARENTS

1 Don't feed before walks

Feed your dog at least 1 hour after you return from a walk — never before!

2 Don't walk in midday heat

Long walks should be done before 7 AM or after 7 PM to avoid heatstroke.

3 Don't give cooked chicken bones

They splinter in the stomach and can cause serious internal injuries.

4 Don't overload on milk or wheat

Most dogs are lactose & gluten intolerant — these can upset their stomach.

5 Don't leave your dog alone too long

Dogs, no matter their age, are like infants mentally — they need supervision and safety.
